PACKAGING UNIT	4 x stainless steel fishing hook
EAN-CODE	9120045476101

ADVANTAGES

- **For almost all situations to fish for cables or pipes**
- **Compatible to all RUNPOTEC pulling systems** with RUNPOTEC thread Ø RTG 6 mm
- **Compatible with RUNPOCAM RC2 Multifunction camera**

DESCRIPTION

All catch hooks have been developed primarily for the RUNPOSTICKS in order to cope with the most varied situations in cable installation.

The hooks can also be used for all fibreglass rods by RUNPOTEC (Ø 3 mm - 4.5 mm - 6 mm - 7.5 mm - 9 mm - 11 mm - 15 mm).

Optimally suited:

❶   To catch loose pull-in straps or pull them towards you.
❷   To fish for cables or pipes that are in corners or against walls.
❸   As a small variant to the RUNPOTEC sliding hook to glide over various obstacles and fish for cables or pipes.
❹   To fish for cables and pipes with a large diameter.

Scope of delivery: 4 pieces catch hook

Product Code: RUNP20614
