RUNPO Z

cable pulling grip with swivel Item no.:

RUNP20272 | RUNP20273 | RUNP20274

DATA			
ITEM NO.	RUNP20272	RUNP20273	RUNP20274
Ø mm	4 - 6 mm	6 - 9 mm	9 - 15 mm
WEAVE LENGTH	280 mm	310 mm	460 mm
WEIGHT	0,028 kg	0,032 kg	0,034 kg
MATERIAL	Stainless steel weave		
TOTAL BREAKING LOAD	200 kg		
EAN-CODE	9120045473292	9120045473308	9120045473315

- ### ADVANTAGES
- ✓ Swirl compensation and quick lock
 - ✓ 200 kg total breaking load
 - ✓ Attachment and pulling within seconds
 - ✓ Long service life
 - ✓ Instead of 2 cable pulling sleeves, the RUNPO Z

DESCRIPTION

The patented RUNPO Z - cable pulling sleeve with twist compensation has an integrated twist compensation, which compensates for the twisting of the cable in the tube and thus protects the insertion system, the pulling sleeve and the cable enormously. The quick-release fastener, an ergonomically shaped hook, allows the unit to be attached and pulled in within seconds and there is no longer any need for time-consuming screwing and unscrewing. The total breaking load of 200 kg has been tested on the hook, the connecting pressures, the twist compensation and the stainless steel pulling sleeve braid. The hook, the connections and the pulling sleeve braid are made of high quality stainless steel, thus no rusting and long life of the RUNPO Z (cable pulling sleeve).

Instead of two conventional pulling sleeves, only the RUNPO Z (20274) is required.

Optimal area of application: The flexible stainless steel double braid supports cables of 9 - 15 mm diameter.

Scope of delivery: 1 piece RUNPO Z cable pulling sleeve with twist compensation and quick release fastener
